Dear Growers,

I have attached a categorized list of all the responses participants made at the General Ag Workshop in Vacaville this past Wednesday. Please review the comments and the summary statement I made for each category. I am attempting to put a general theme/definition to your thoughts.

At the August 1st meeting we will be reviewing all the comments, soliciting others and asking for your conscience to move forward. Additionally, I would like to discuss with you the concept of Agricultural Enterprise Zoning as a General Plan concept.

If you have anything you wish to discuss you can contact me at 707/344-3424 or at LDCLEMENT@UCDAVIS.EDU

Sincerely,

Lawrence Clement,
